SUPPLY OF ADVERTISING MATERIAL (PC OR MAC)

Material can be emailed as a PDF file created using the specifications described below:

—Fonts must be outlined or embedded

—Advertisements must be supplied with a colour laser proof at 100% of size.

—Before saving file as a PDF, ensure all images and spot colours are processed CMYK (not RGB, lab colour or indexed colour).

—Files to be supplied at a minimum of 300 DPI.

—Please supply a colour laser of artwork to Kate Blanchfield.

Advertisements not adhering to this specification will not be accepted.

PLACING FILES

Every file placed within postscript must be either a TIFF or an EPS (no JPEG or PICT) and be CMYK. Rotations should be exact for example 90 degrees, 180 degrees.

TIFF files should have no LZW compression.

TIFF files placed in Quark Xpress should have white as the background colour to prevent jagged edges in highlights.

PROOFING

—A colour laser (composite proof) must be supplied with electronic file

—A colour laser must accompany any files which need to be resupplied

—Proofs must be sized at 100%

ACCEPTED MEDIA TRANSPORT

—CD / DVD ROM

—Email tripmag@rrr.org.au (maximum 5mb)

Please ensure to post a colour proof to
